

Fort Worth Presbyterian Church

December 22, 2022

Dear Church Family,

I wanted to make you aware of the options we will have available for our youngest family members on Christmas Eve, Christmas Day and New Year's Day.

As always, all family members, regardless of age or stage, are welcomed and wanted in the service. If you choose this option and find your little ones making more noise than average or needing to move more than what seems fitting for the service of worship, we will also have the **service streaming in the lecture hall** so both parents and children can continue worshipping even with the added noise and movement.

With all 3 of these services being holidays, our regular workers had limited availability. Therefore we will only have **one nursery room** rather than the normal three open. We would like to ensure that visitors with small children unfamiliar with being in worship have a nursery option, therefore, I would like to invite parents who may have never attempted bringing your toddlers in the sanctuary to give it a shot these next two weeks. You can look online [HERE](#) for the order of worship on Saturday evening and sing some of the songs and/or read the Scripture to help prepare your family for worship.

If you have guests with you who have little ones, please encourage them to utilize any of the options available. It is our greatest desire to welcome all in the name of Christ our King just as He welcomes each of us.

Finally, in the Name of that same welcome, please take a minute to stop by the nursery and thank the three workers, Barbara, Diane and Esperanza who signed up to serve our nursery for these three holiday services! Merry Christmas!

Much love in Christ,

Necia Eggar

Nursery Coordinator
